**“Gravestone” Murder Mystery Dinner
Saturday, November 6th**

The mayor of Gravestone, Arizona feared for his life. With the last three sheriffs mysteriously shot in the back, Gravestone had become a lawless town run by a bunch of outlaws. Wylie Arp, a former sheriff, left his career as a lawman and traveled west to Gravestone with his brothers. He planned to sink his life savings into a business and live the rest of his days free from the stress of law enforcement. Little did he know what was waiting for him. Soon after Wylie’s arrival, the mayor asked Bella Starry to host a celebration. The mayor had high hopes that Wylie and his brothers would consider taking over as the law enforcement in town and getting the outlaws under control or better yet...running them out of town. Everyone gathered at the Gravestone Saloon - even some of the outlaws. A reward poster surfaced, and rumors of hidden codes leading to a treasure in the Gravestone Cave flew around. Everyone seemed to be having a great time until someone was found to be murdered in cold blood! . . . This is where your story begins.

Don’t miss your chance to be a part of this hilarious interactive experience on Saturday evening (included with the price of dinner). An event of this magnitude requires considerable pre-planning, so please register early to allow our hosts to provide you with information to enhance your experience. Everyone has a role to play! Can you help catch a killer?
