10.3 Who Harasses? Who Are the Victims?

- a. Harassment can occur between members of the same sex or of the opposite sex.
- b. Harassment can involve anyone in the workplace, including fellow employees, supervisors or managers, customers, contractors, visitors, vendors, or others.

10.4 Complaint Procedures

Do not assume the Council is aware of your harassment problem. It is your responsibility to bring your complaints and concerns to the attention of the Council Chair **and/or Vice-Chair(s)** at the earliest possible time, so that they can help resolve the problems.

All employees are responsible for keeping our workplace free of harassment. Any employee who experiences or observes conduct which he or she believes constitutes harassment or retaliation should report this problem to their immediate supervisor or the Council Chair **and/or Vice-Chair(s)** at the earliest possible time.

These different means of reporting complaints are provided so that an employee does not have to deal directly with the person whom the employee believes engaged in inappropriate conduct. All complaints will be investigated impartially, promptly, thoroughly and in as confidential manner as possible. Employees are expected to cooperate in the investigative process. When the company determines that a violation of this policy has occurred appropriate disciplinary action, up to and including termination, will be taken. In the event of a non-employee found to be in violation of this policy, sanctions can be imposed against the offender. The Council will not permit retaliation against an employee for filing complaints of harassment or cooperating in a harassment investigation.

CHAPTER 11

SUBSTANCE ABUSE POLICY

11.1 Purpose

Alcohol and drug abuse rank among the major health problems in the United States. Our employees are our most valuable resource, and their safety and health are of paramount concern. We are committed to providing a safe working environment to protect our employees and others; to provide the highest level of service; and to minimize the risk of accidents and injuries.

11.2 General Expectations

Each MD4 employee has a responsibility to co-workers and the public to deliver services in a safe and conscientious manner. Continuing research and practical experience have proven that even limited quantities of controlled substances, prescription drugs, or alcohol can impair reflexes and judgment. This impairment, even when not readily apparent, can have catastrophic results. For these reasons, we have adopted a policy that all employees must report to work and, while at work or engaged in work-related activities, remain completely free from the effects of drugs and alcohol. This policy includes pre-hire and reasonable suspicion testing.

11.3 Drug Use / Distribution / Possession / Impairment Prohibited

All employees are prohibited from manufacturing, cultivating, distributing, dispensing, possessing, or using illegal drugs or other unauthorized or mind-altering or intoxicating substances while on MD4 property (including parking areas and grounds), or while otherwise performing their work duties away from MD4. Included within this prohibition are lawful controlled substances that have been illegally or improperly obtained. This policy does not prohibit the possession and proper use of lawfully prescribed drugs taken in accordance with the prescription.

Employees are also prohibited from having any illegal or unauthorized controlled substances in their system while at work, and from having excessive amounts of otherwise lawful controlled substances in their system. This policy does not apply to the authorized dispensation, distribution, or possession of legal drugs where such activity is a necessary part of an employee's assigned duties.

11.4 Alcohol Use / Distribution / Possession / Impairment Prohibited

All employees are prohibited from distributing, dispensing, possessing, or using alcohol while at work or on duty. Furthermore, all employees are prohibited from having alcohol in their system while at work or on duty.

11.5 Prescription Drugs

The proper use of medication prescribed by a physician is not prohibited; however, we do prohibit the misuse of prescribed medication. Also, because the use of prescribed medication can adversely affect an employee's ability to perform work safely employees must report the use of prescription or over-the-counter medications that may impair job performance before performing any work. MD4 will then determine whether the employee can safely perform his or her job duties.

11.6 Notification of Policy Violations

Employees who observe, or otherwise have reason to know that a co-worker appears to be unable to perform his or her job duties in a safe and competent manner, presents a hazard to the safety and welfare of others, or is otherwise in violation of this policy, should promptly report the fact to the current Multiple District Council Chair.

11.7 Testing

MD4 requires all job applicants to submit to a drug test. Refusal to submit to or a positive confirmed drug/alcohol test may be used as a basis for refusal to hire the applicant.

Furthermore, MD4 may require an employee to submit to, drug/alcohol tests whenever MD4 has a reasonable suspicion that an employee has violated any of the rules set forth in this policy. Reasonable suspicion may arise from, among other factors, supervisory observation, co-worker reports or complaints, performance decline, attendance or behavioral changes, results of drug searches or other detection methods, or involvement in a workplace or vehicular accident.

11.8 Discipline

Violation of this policy or any of its provisions may result in discipline, including termination of employment.

11.9 Enforcement

In order to enforce out policy and procedures, MD4 may investigate potential violations and require personnel to undergo drug/alcohol screening, including urinalysis, or other appropriate tests. Employees will be subject to discipline, including termination, for refusing to submit to screening or for failing to execute consent forms when required by the current Multiple District Four Chair.

11.10 Positive Test Results for Prohibited Substances

All employees who test positive in a confirmed substance test will be subject to discipline, including termination. For purposes of this policy, refusal to submit to a drug/alcohol screen will be treated as a positive test result.

(Sample Employee Agreement form follows chapter 10)

CHAPTER 12 CONFLICT OF INTEREST POLICY

12.1 Statement:

This conflict-of-interest policy is designed to help District Governors, officers, and agents of Multiple District Four of Lions Clubs International identify situations that present potential conflicts of interest and to provide the Multiple District with a procedure that, if observed, will allow a transaction to be treated as valid and binding even though a District Governor, officer, or agent has or may have a conflict of interest with respect to the transaction. In the event there is an inconsistency between the requirements and procedures prescribed herein and those in federal or state law, the law shall control. All terms are defined in Part 2 of this policy.

This includes all forms of compensation. (The Council may wish to establish an amount that it would consider to be a "material financial interest.")
- f. A Contract or Transaction is any agreement or relationship involving the sale or purchase of goods, services, or rights of any kind, the providing or receipt of a loan or grant, the establishment of any other type of pecuniary relationship, or review of a charitable Foundation by Multiple District Four. Such disclosure shall be reflected in the minutes of the meeting.

Such person's ineligibility to vote shall be reflected in the minutes of the meeting.
 - 5) Responsible persons who are not members of the council of governors of multiple district four, or who have a conflict of interest with respect to a contract or transaction that is not the subject of council or committee action, shall disclose to the Council Chair or the Council Chair's designee any conflict of interest that such responsible person has with respect to a contract or transaction. Such disclosure shall be made as soon as the conflict of interest is known to the responsible person. The responsible person shall refrain from any action that may affect multiple district four's participation in such contract or transaction.
 - 6) In the event it is not entirely clear that a Conflict of Interest exists, the individual with the potential conflict shall disclose the circumstances to the Council Chair or the Council Chair's designee, who shall determine whether there exists a Conflict of Interest that is subject to this policy.
- e. Each Responsible Person shall exercise care not to disclose confidential information acquired in connection with such status or information the disclosure of which might be adverse to the interests of Multiple District Four. Furthermore, a Responsible Person shall not disclose or use information relating to the business of Multiple District Four for the personal profit or advantage of the Responsible Person or a Family Member.
- 1) Each new Responsible Person shall be required to review a copy of this Policy and to acknowledge in writing that he or she has done so.
 - 2) Each Responsible Person shall annually complete a disclosure form identifying any relationships, positions, or circumstances in which the Responsible Person is involved that he or she believes could contribute to a Conflict of Interest arising. Such relationships, positions, or circumstances might include service as a director of or consultant to a not-for-profit Foundation, or ownership of a business that might provide goods or services to Multiple District Four. Any such information regarding business interests of a Responsible Person or a Family Member shall be treated as confidential and shall generally be made available only to the Council Chair, the Executive Committee, and any committee appointed to address conflicts of interest, except to the extent additional disclosure is necessary in connection with the implementation of this Policy.
 - 3) This policy shall be reviewed annually by each member of the Council of Governors. Any changes to the policy shall be communicated immediately to all Responsible Persons.

CHAPTER 41

DOCUMENT DESTRUCTION AND RETENTION POLICY

13.1 Purpose

Information is an important asset. The Document Destruction and Retention Policy outlines procedures for retaining, storing and destroying documents. It applies uniformly to documents retained in either paper or electronic format. The procedures that pertain to the retention and destruction of e-mail documents mirror those of documents in other electronic formats as well as paper documents.

- a. Documents to Be Retained
- b. Procedures for Document Storage
- c. Documents attached to and transmitted by e-mail should be stored in machine-readable format in their appropriate client folders in our electronic document management system. E-mail messages that actually contain information pertinent to the completion of a tax return or financial statement should be copied in PDF or another machine-readable format and included in the source documents folder. E-mail messages not saved for filing in the correspondence file or other appropriate folder are deleted.
- d. Retention Periods Appendix A presents a schedule for how long we retain our accounting records. Retention periods commence immediately following the date of the financial statements or the tax year in the case of tax returns and work-papers.
- e. Destruction and Control
- f. Destruction of documents is as important as storing them. Paper documents not retained in our files should be shredded or incinerated if they contain confidential information or sensitive data. Any paper bearing a Social Security number, Federal identification number or donor's name should be destroyed in this manner, never just dropped into a trashcan or bin.
- g. It is the policy of Multiple District four to destroy electronic documents by deleting them from the medium on which they are stored and then purging the medium according to a schedule; see Appendix A. A list of files destroyed will be maintained permanently. If we learn that a government agency is conducting an investigation into a donor or that private litigation is pending or threatened (even if Multiple District Four is not directly involved), we will retain all relevant records, even if they are slated for destruction under this policy and even if no request has been made for them.

CHAPTER 14

WHISTLEBLOWER POLICY

14.1 General

The Sarbanes-Oxley Act requires all organizations to establish procedures, in accordance with Section 301 of the Act, for:

- a. The receipt, retention, and treatment of complaints received by the organization regarding accounting, internal controls, or auditing matters.
- b. The submission of concerns regarding questionable accounting or audit matters by employees, directors, officers, and other stakeholders of the organization, on a confidential and anonymous basis.

Though the Sarbanes-Oxley Act only applies to for-profit organizations, as a matter of best practices, there is value for non-profit organizations to voluntarily comply with these provisions.

14.2 Reporting Responsibility

Each District Governor, Vice District Governor, volunteer, agent and employee of Multiple District Four has an obligation to report in accordance with this Whistleblower Policy (a) questionable or improper accounting or auditing matters, and (b) violations and suspected violations of Multiple District Four's policies (hereinafter collectively referred to as Concerns).

14.3 Authority of Budget and Finance Committee

All reported concerns will be forwarded to the Budget and Finance Committee or to the Council Chair in accordance with the procedures set forth herein. The Budget and Finance Committee or Council Chair shall be responsible for investigating, and making appropriate recommendations to the Executive Committee, with respect to all reported Concerns.

14.4 No Retaliation

This Whistleblower Policy is intended to encourage and enable District Governors, Vice District Governors, volunteers, and employees to raise Concerns within Multiple District Four for investigation and appropriate action. With this goal in mind, no District Governor, Vice District Governor, volunteer, or employee who, in good faith, reports a Concern shall be subject to retaliation or, in the case of an employee, adverse employment consequences. Moreover, a District Governor, Vice District Governor volunteer or employee who retaliates against someone who has reported a concern in good faith is subject to discipline up to and including dismissal from the volunteer position or termination of employment.

14.5 Reporting Concerns

a. Employees/Agents

- 1) Employees and agents should first discuss their Concern with their immediate supervisor. If, after speaking with his or her supervisor, the individual continues to have reasonable grounds to believe the Concern is valid, the individual should report the Concern to the Council Chair. In addition, if the individual is uncomfortable speaking with his or her supervisor, or the supervisor is a subject of the Concern, the individual should report his or her concern directly to the Council Chair.

- 2) If the Concern was reported verbally to the Council Chair, the reporting individual, with assistance from the Council Chair, shall reduce the Concern to writing. The Council Chair is required to promptly report the Concern to the Chair of Budget and Finance Committee, which has specific and exclusive responsibility to investigate all Concerns. If the Council Chair, for any reason, does not promptly forward the Concern to the Budget and Finance Committee, the reporting individual should directly report the Concern to the Chair of the Budget and Finance Committee. Concerns may be also be submitted anonymously. Such anonymous Concerns should be in writing and sent directly to the Council Chair.

b. District Governors, Vice District Governors and Other Volunteers

- 1) District Governors, Vice District Governors and other volunteers should submit Concerns in writing directly to the Council Chair.

14.6 Handling of Reported Violations

- a. The Council Chair shall address all reported Concerns. The Council Chair shall immediately notify the Chair of the Budget and Finance Committee of any such report. The Chair of the Budget and Finance Committee will notify the sender and acknowledge receipt of the Concern within five business days, if possible. It will not be possible to acknowledge receipt of anonymously submitted Concerns.
- b. All reports will be promptly investigated by the Council Chair and/or the Budget and Finance Committee, and appropriate corrective action will be recommended to the Executive Committee, if warranted by the investigation. In addition, action taken must include a conclusion and/or follow-up with the complainant for complete closure of the Concern.
- c. The Council Chair and the Chair of the Budget and Finance Committee have the authority to retain outside legal counsel, accountants, private investigators, or any other resource deemed necessary to conduct a full and complete investigation of the allegations.

14.7 Acting in Good Faith

- a. Anyone reporting a Concern must act in good faith and have reasonable grounds for believing the information disclosed indicates an improper accounting or auditing practice, or a violation of the Codes. The act of making allegations that prove to be unsubstantiated, and that prove to have been made maliciously, recklessly, or with the foreknowledge that the allegations are false, will be viewed as a serious disciplinary offense and may result in discipline, up to and including dismissal from the volunteer position or termination of employment. Such conduct may also give rise to other actions, including civil lawsuits.

14.8 Confidentiality

- a. Reports of Concerns, and investigation pertaining thereto, shall be kept confidential to the extent possible, consistent with the need to conduct an adequate investigation.
- b. Disclosure of reports of Concerns to individuals not involved in the investigation will be viewed as a serious disciplinary offense and may result in discipline, up to and including termination of employment. Such conduct may also give rise to other actions, including civil lawsuits.

15.5 Amendments

This policy and procedures manual may be amended by a majority vote of the Council of Governors at any council meeting.

The policies stated in this manual, having been adopted by the Council of Governors, shall be published annually.
