Meetings Etiquette Is Not!

The same rules apply to all meetings

1. Organize and prepare
2. Encourage participation
3. Be punctual
4. Be aware of your location
5. Stick to the agenda
6. Use visual aids when necessary
7. Keep notes
8. Record the meeting
9. Become familiar with your conference tools
10. Keep the meeting short

And
repeat...

People will look forward
to your meetings if they
are efficient and
productive.
